## PREFACE

This Directory contains general information about hospitals which are licensed or approved by the Departments of Health and Public Welfare, ambulatory surgery centers which are licensed by the Department of Health, and federal hospitals. All nonfederal psychiatric hospitals are licensed or approved by the Department of Public Welfare while all other nonfederal hospitals are licensed by the Department of Health. Data contained in this directory were obtained from the Division of Health Statistics' annual Hospital Questionnaire, and annual Ambulatory Surgery Center Questionnaire for the July 1, 1997-June 30, 1998 reporting period. The directory is published annually and will be updated in its entirety in August of 2000 with survey data obtained from the July 1, 1998-June 30, 1999 reporting period.

Between publications, the Division is periodically notified of facility openings, closings, and address and/or facility name changes. This information is used to create our Current Mailing Address files, which are updated on a quarterly basis. These files are available through electronic mail. If you wish to obtain these files, please contact the Division of Health Statistics at 717-783-2548.

If you plan to publish or release Directory data, the following disclaimer must be used: THESE DATA WERE SUPPLIED BY THE DIVISION OF HEALTH STATISTICS, PENNSYLVANIA DEPARTMENT OF HEALTH, HARRISBURG, PENNSYLVANIA. THE DEPARTMENT SPECIFICALLY DISCLAIMS RESPONSIBILITY FOR ANY ANALYSES, INTERPRETATIONS, OR CONCLUSIONS.

More comprehensive hospital and ambulatory surgery center data for the July 1, 1997-June 30, 1998 reporting period can be obtained through a series of standard output reports available from the Division of Health Statistics. These reports are available via electronic mail, and can also be accessed on the Division's WEBSITE at: **www.health.state.pa**. Click on Health Planning & Assessment; click on Health Statistics; then click on Hospital & Ambulatory Surgery Center Standard Output Reports . Any questions or requests for additional information should be directed to the Division of Health Statistics, Pennsylvania Department of Health, 555 Walnut Street-6th Floor, Harrisburg, PA 17101-1900, telephone 717-783-2548.

## DEFINITIONS OF TERMS

**TYPE OF SERVICE** - the one category that best describes the type of service provided to the majority of admissions.

**TYPE OF CONTROL** - type of organization legally responsible for the operation of the hospital.

**LICENSED BEDS** - for hospitals licensed by the Department of Health: beds certified and available for use on June 30, 1998. For hospitals licensed by the Department of Public Welfare: beds established by the licensing office of the Department of Public Welfare. Beds in federal hospitals are neither licensed nor certified by the Departments of Health or Public Welfare. Licensed beds include neonatal intermediate/intensive care beds and exclude well infant bassinets and long term care beds.

**SET UP AND STAFFED BEDS** - beds regularly maintained in the hospital as of June 30, 1998 for the use of patients, which furnish accommodations with supporting services (such as food, laundry, and housekeeping) for patients or residents who stay 24 hours or more. Includes neonatal intermediate/intensive care beds, excludes newborn infant bassinets and long term care beds.

**LICENSED NURSING CARE FACILITY** - operates a licensed long term care unit subject to the hospital's by-laws and operating decisions. This unit can be located either on-site or off-site. The unit provides physician services and continuous professional nursing supervision for patients who are not in acute phase of illness and currently require primarily convalescent, restorative, or long term skilled or intermediate level nursing care. All long term care units within nonfederal hospitals, including psychiatric facilities, are licensed by the Department of Health.

**WELL INFANT BASSINETS** - set up and staffed for use as of June 30, 1998, in a newborn nursery (clinical unit providing services primarily for uncomplicated newborn inpatients).

**AMBULATORY SURGERY CENTER** - A separately-licensed facility or portion thereof, not located on the premises of a hospital, which provides specialty or multispecialty outpatient surgical treatment on a regular and organized basis.

**LICENSED MEDICAL STAFF** - The number of practitioners (active staff only) with licensure on June 30, 1998, who provided patient medical care in the ambulatory surgery center facility. Licensed staff include M.D.'s, D.O.'s, Dentists and Podiatrists.
